## The Bourbon Fair to Be a "Hummer."

The arrangements are now progressing finely to make the 60th annual exhibition of the Bourbon County Agricultural Society a hummer. The members of every committee of the Society are industriously at work with nothing in view but making the fair a grand success in every particular. The people of Paris and Bourbon county, one and all of them, should take a special pride in the Bourbon Fair and make it as it once was, known throughout the United States.

The construction of the amphitheatre is rapidly nearing completion. It is 284 feet long, in the shape of a crescent, and the ring is one-eighth of a mile in circumference. Underneath is a mammoth diningroom with all other modern improvements to make it second to none in Kentucky. The society has already secured one of the largest carnival companies on the road, the attractions of which are all new and the first time exhibited in the South. These attractions will also be seen at night, the grounds being lighted with 600 incandescent and ten arc lights.

## Margolen-Levi.

The Cincinnati Enquirer of yesterday contained the following notice of the marriage of one of Paris' popular young merchants:

"Miss Ida Levi, daughter of the late Mr. and Mrs. Samson Levi, and Mr. Gus Margolen, of Paris, Ky., were married in the parlor of the Burnett House at 6 o'clock Sunday evening by Rabbi Charles S. Levi, of Peoria, brother of the bride. After the ceremony there was an elaborate wedding supper. A number of relatives of both the bride and groom from Ohio and Kentucky cities were present. Mrs. Margolen is the last of seven sisters to be married, the wedding ceremony for six of them being performed by Rabbi Levi, who for a number of years was the associate rabbi of the late Rabbi Wise." After taking a short wedding trip the happy couple will return to Paris and go to house-keeping in the cottage recently erected by Mr. Margolen on Henderson street.

## Paris and Maysville Interurban.

Mr. John Duley, of Maysville, was in the city yesterday and talked as if there was an excellent chance for the Interurban road from Paris to Maysville. He said that there would be a meeting of the Board of Directors today at Maysville, to hear reports of Committees. Mr. Duley is confident the stockholders will push the matter of raising one-third of the amount necessary to finance the undertaking, as is required by the Eastern capitalists. The proposed route of this road is through a thickly populated country and through a number of progressive towns that are anxious for a competing line.

## A Carlisle Baker Missing.

Albert Baker, the baker at Grater's in Carlisle, has been missing since the night of July 4th. He left the bakery that night and went presumably to Henryville, the negro suburb of Carlisle, and has never been seen nor heard of since that time. The officers have been searching for him for several days but no trace of him. His people in New York have been notified of his disappearance, but they write that they know nothing of his whereabouts. There is some fear that he has been murdered and robbed, as he had some money with him when he left.

## Paris Whitewashed.

The best team of ball players that visited Paris this season were the Americans, of Cincinnati, who played here Sunday afternoon. They defeated the Paris team by a score of 14 to 0.

The visitors made seven runs in the first inning with McFarland in the box. Rick Thomas was then put in the box and struck out seven of the heavy hitters, they only made one hit off of his delivery in three innings.

## Dies Suddenly.

Mrs. Kate S. Lyle, widow of James Lyle, died Monday morning at 9 o'clock at her home on the Richmond pike, eight miles from Lexington, after an illness of but 48 hours. Mrs. Lyle was in Lexington Saturday apparently in her usual health. The cause of her death was a stomach affliction, with which she has suffered for some time.

## AMUSEMENTS.

### THE JEWELL KELLEY STOCK CO.

Theatre-goers of Paris will receive with pleasure and genuine satisfaction the news that the Paris Grand Opera House will throw open its doors Monday, July 30, offering the most popular attraction seen here last season, the Jewell Kelley Stock Co., in a repertoire of new and up-to-date plays. Mr. Kelley and his company are warm favorites in the city and their return to Paris is a pleasure to their many friends and admirers.

MISS CAROLINE KLOOR,  
Leading Lady With The Jewell Kelley  
Stock Co.

Mr. Kelley has selected for his list of plays this season a strong line of New York successes. "The Gates of Justice" will be presented Monday evening. The play is a new one and is said to be a gigantic undertaking for a popular priced attraction, but in the hands of Mr. Kelley's company success is bound to be attained.

The Management will extend the usual courtesy of ladies free to the gentler sex on Monday evening. Seats on sale at Oberdorfer's drug store.

This being the opening of the season at the Paris Grand, and the Jewell Kelley Stock Co. being a decided favorite in the city, capacity audiences should rule at the theatre the week of the 30th.

## Deafness Cannot be Cured

By local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound of imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness, caused by Catarrh, that cannot be cured by Hall's Catarrh Cure. Send for circulars, free. F. J. CHEHEY & CO. Toledo, O.

Sold by Druggists, 75c.

Take Hall's Family Pills for constipation.

## Things Got Monotonous.

The inhabitants of San Francisco have a taste for excitement. A correspondent writing from there relates this incident in point: "I happened upon one of the victims of the fire sitting near his old home, his hat pulled over his eyes, loafing and looking down over the miles of ghastly ruin where in spots the fire still smouldered. The horror was hardly more than a week old; yet presently this man fetched a deep yawn, stretching his arms abroad. 'Gee whiz!' he complained. 'I wish something would happen. This is getting tedious.'"
